The BETTY

The Betty is an American supper club drawing on influences from the classics that rose to prominence in U.S. during the mid-1900s. Dark woods, rich leathers, marble accents and a dim lighting transport guests to a bygone era reminiscent of old-school Hollywood. Flanking the dining room is a gorgeous bar filled with a robust collection of brown spirits, thoughtfully curated glassware and a professional bar team that turns out expertly crafted old fashioned and martinis nightly.
